Mr Clausen's attention was called to the account of James Dempsey, who, on May 8 and April 24, was paid for rock blasting and drilling holes in rock for excavating, the sum of 11,400. The items appear in the tables published to-

day.

Mr. Clausen said that Mr. Dempsey not only furnished steam drills, but he provided competent engineers to run them, and superintended the work. His inspectors had reported on the work and pronounced it all right.

"In conclusion," said Mr. Tappen, "let me say that if there is to be another million-dollar appropriation, we, as members of the Park Board, do not want to spend it. We want some one else to try it."

BAN FRANCISCO, Cal., Nov. 13.—
There has been no marked change in the Gubernatorial contest in California in the past twenty-four hours. Complete returns have now been received from 2.135 precincts in the State in a total of 2.274 precincts and the result shows: Budd (Dem.), 109,000: Estee (Rep.), 108,012 Budd's plurality 1.075. The figures given allow a plurality for Budd in this city of 11,550, as that seems to be the most accurate figures which can be obtained until after the official canvass has been concluded.
